

ARWA-QUADRIGA

Die exklusive Neuinterpretation macht arwa-quadriga zu einem Objekt für hohe Ansprüche. Mit viel Gespür für feinste Details hat Designer Andreas Dimitriadis die planen Flächen und die kubische Grundform weiterentwickelt und verleiht so dem Badezimmer einen modernen Zeitgeist.

La réinterprétation exclusive d'arwa-quadriga en fait un objet destiné à répondre aux attentes les plus élevées. Le designer Andreas Dimitriadis, avec son œil affûté pour le moindre détail, a repensé les surfaces planes et la forme carrée, offrant à la salle de bains une modernité digne de notre époque.

Proposti in una versione rivisitata, i rubinetti arwa-quadriga sono la scelta ideale per chi dal bagno esige il massimo. Con grande attenzione a ogni minimo dettaglio, il designer Andreas Dimitriadis ha rivisitato le superfici piane e la forma cubica di base conferendo al bagno un tocco moderno.

The exclusive reinterpretation of arwa-quadriga makes it a sophisticated piece. Inspired by his intuitive feel for the finest details, designer Andreas Dimitriadis has evolved the original flat surfaces and basic cubic form, giving the bathroom a contemporary feel.
